3rd/4th and 5th/6th Grade PE

Dear TMS families,

Students are back to spending time outside on the Lawson Hill field for regular PE. Activities will be limited due to the short spring season, but we will pack in a number of skills and experiences with a variety of sports.

- With the 3rd and 4th graders away, the 5th and 6th graders hiked and explored Keystone Falls; they looked specifically at water flows, structure, and wildlife while developing hiking skills and physical fitness.
- Practiced basketball shooting skills and played Horse (actually FROG and TREE).

Best regards,

Dan Conzelman
