

Dear Montessori Families!

May 21st, 2010

As the weather finally turns warmer, we are finishing our studies about Oceania and space. Miss Amber's kindergartners have started their book reports, sharing their stories with both classes. Next week Miss Andi's class will have a turn. Both classrooms have caterpillars and we are watching their metamorphosis very closely. We also found out about the differences between a moth and a butterfly. Did you know that a moth forms a cocoon and a butterfly forms a chrysalis? We should have butterflies by the end of the year! Grace and Rose turned 4years old! Happy Birthday!

Just a few reminders:

*Parent-teacher conferences are under way, please sign up and talk to your teacher about your child's progress!

*Please send a water bottle to school, every day for the rest of the year!

*Please make sure you accompany your child when riding the elevator!

*Last day of school is June 4th for the preschoolers. We are going to have a Fiesta until 12:30, out on the playground. You are welcome to stay with your children for the Rock and Roll Academy's concert after dismissal. The concert will take place downstairs, until 3pm.

Have a great weekend and enjoy the warm weather!

Miss Andi, Miss Amber
